10:54:20	Umran Ashraf - +13103085705	Hi Mark , please let Trevor know everything on Alpha Pack is Nikola Property (minus the module). Its his team's work. His words were quite harsh during meeting today where Nikola EE & Controls team (Varoujan) could be offended. Significant part of the pack was done by Nikola for Nikola. Romeo is just building the packs for us.	
10:55:37	Umran Ashraf - +13103085705	They are in LA commissioning our pack.	
13:55:58	Umran Ashraf - +13103085705	Had a great call with your ex-colleague Joe and TPI today. I will try to bring a proposal in front of you 3-4 weeks from now, as how a potential engagement could work with them on a composite Nikola 2 Cab.	
14:04:08	Mark Russell - +17405138545	Sounds great, Umran.
